

	Field Day supplies	Provided by	Notes
Power	Generator	Kevin	
	Fresh Gas for Generator		
	Ground wire/rod		
	Extension cords, heavy weight, long, short, splitters	Several	
Stations	Power strip		
	Power supply		
	Power cable		
	Rig		
	Coax jumper		
	Tuner		
	Antenna & Coax		
	Ground wire, rod and clamp		
	Mike and/or key		
	Headphones		Watch jack size and whether it is stereo or mono. You may need an adapter.
	Audio Splitter for second headphones		Good to have second headphones for a logger or a visitor.
	Computer, mouse, power supply		Computer needs wifi to connect unless we set up for cat 5. Software can be loaded from internet or thumb drive.
	Pencil, notepad, logsheet		Even with computer logging, a pad works good. A paper log can be a backup in a cyber disaster.
	Extra coax, power cords		Murphy's law!
Antennas	Skyhook Rope	Kevin	
	Ropes	Roger & ??	
	Carabiners	Kevin & Roger	
	Ground rods, driver		Each station & generator should have one.
	Any special antennas		
	Longer Coax		
	Extra Wire insulators, etc		For any experimentation.
Safety	First aid kit	Roger	
	Fire extinguisher	Roger	Never hurts to have a second.
	Soap, wipes, towels, trash bags, tp	Roger	I have a few in my kit. You might want some hand sanitizer.
	Cones, tape	Roger	
	Bug spray, repellent	Several	Bring your favorite
	Flashlights	Several	
	Tarps	Several	Very weather dependent. Used to block the sun, or storm winds or sometimes to cover the stations when the storm hits.
	Lights	Several	Clamp or mag mount work good.
	Clamps, bungee cords, short ropes.	Several	To tie tarps, route extension cords
Other	Log sheets, info sheets.	Roger	
	Solar	Roger	
	Tools, meters		
	Lawn Chairs	Each Person	Those benches are hard
	Water, sodas, etc.	Each Person	Bring your favorite and be sure to stay hydrated.

Note: This list started out a personal notes to myself so I didn't forget anything. Don't assume it lists everything! I have found that it is very handy to use from year to year. RB

Note: Mark what you bring. Many of us have similar gear.
